SUMMARY

I am Salmanul Faris, a Full Stack Web Developer with over a year of experience, including a 6-month internship at Gedexo Technologies, 6 months at Brand Marker, and 3 months at Techon Innovations. I specialized in both front-end and back-end development, with a focus on creating efficient and friendly web applications. My expertise includes Python Django, HTML, CSS, Bootstrap, JavaScript, jQuery, and JSON, which I use to deliver high-quality, scalable solutions tailored to meet user needs.
